About Natco Trust

Shri Venkaiah Choudhry Nannapaneni, the visionary Founder & Chairman of Natco Pharma Limited, is widely credited as being the architect of innovating and providing the oncology drugs at an affordable price to all the patients, thus saving the precious lives of the people. He has been accredited for extending philanthropy services in the form creating the basic amenities like water, sanitation, electricity etc. to the tribal villages. It has been well noted that the philanthropic services have been embedded in the Natco family's philosophy.

Shri Nannapaneni realizes that there remains a yawning chasm, between different strata of society, still remaining untouched, such as affordable education, health, hygiene, sanitation, water, livelihoods, farming, social and economic well-being of the community at large. In order to bridge this gap NATCO PHARMA LIMITED has established NATCO TRUST in 1995.

Concept of NATCO TRUST

It is with the aim of covering this deficit, Shri Nannapaneni has established NATCO TRUST as the corporate social responsibility arm of NATCO Pharma Ltd, and it is based in Hyderabad. The core areas of interventions are Education, Health, Hygiene, Sanitation, Water, Livelihoods, Farming, Institutional support and need based community Infrastructure. It operates in the vicinity of wherever it has a business presence and the mentor's home district.

Corporate Approach

Natco Trust has witnessed the transition in the year 2008, as it was being spearheaded by Ms. Swathi, the family member. Emphasis laid on the holistic development of an individual, starting from the birth, through their journey into childhood, adolescence, adulthood and in the latter years of their life inclusive of socio-economic, physical, mental, ecological and spiritual wellbeing and more importantly it transcends the barriers and caters to the holistic requirements and aspirations of the community through their journey of life for healthy and happiness.

We at NATCO endeavour to make a positive contribution to the underprivileged by supporting a wide range of socio-economic demand driven programs including education, health, nutrition, sanitation, hygiene, livelihood, farming and other community based initiatives to promote a healthy and happy living.

The program also envisages in supporting and strengthening the government schools and anganawadi centres in terms of academics as well as the requisite infrastructure development, providing health related infrastructure as well as medicines and patients counsellors to the government hospitals, community healthcare services

through institutional and outreach, extending “Purified potable water of high standards”; Individual Sanitation latrines (ISLs); catering to the needs of pregnant and lactating mothers by supplementing their diet in terms of nutritious food supplements and periodical medical check-ups and health education at the “Nutrition Centres”; and “kitchen Gardens” to promote easily available, unadulterated nutritious food and also promotion of organic farming.

Special care is also being given to “Tiny Tots” at the anganwadies. School health and hygiene is also being given special care as is the creation of livelihoods by establishing skill based vocational training centres.

Areas of operation

Currently Natco Trust operates in 8 districts namely, Ranga Reddy, Nalagonda, Hyderabad, Siddipet, Guntur, Prakasam, Vizianagaram and Visakhapatnam in the states of Telangana and Andhra Pradesh and also some parts of Maharashtra and Tamil Nadu.

The core areas are

EDUCATION: - Education is being one of the core areas of intervention with multifaceted approach and believes that education not only empowers the individual but also the family and society at large. Under education Natco trust has two layers that is, Natco nurtured institutions and the other one is supporting and strengthening the government schools

Educaiton

Natco nurtured educational institutions: - Natco High School and Natco school of learning

Support and strengthening up of government schools and anganawadi centres

Achievement:- 27 Students qualified for Cambridge KET (Key English Test) and 6 students with distinction

Education: - Support to Government schools and Anganawadis

We are committed to create enabling environment for children through education initiatives, emphasis laid on access, equity and quality of education by extending the need based support on appropriate infrastructure, skilled teachers, innovative teaching methodology and curriculum, access to basic teaching learning materials for improving the learning competence of the children, in addition to this adapted innovative methods to make learning more interactive and participatory.

Objective: - To strengthen the government schools in terms of infrastructure, libraries, science labs, Vidhya volunteers etc. in order to retain all the eligible school going children in the school and impart qualitative education.

Natco Trust supports **41 government schools**, out of which 11 are high schools and 30 primary schools and **30 Anganawadis** (Early Childhood Education) in 5 districts of Telangana and Andhra Pradesh

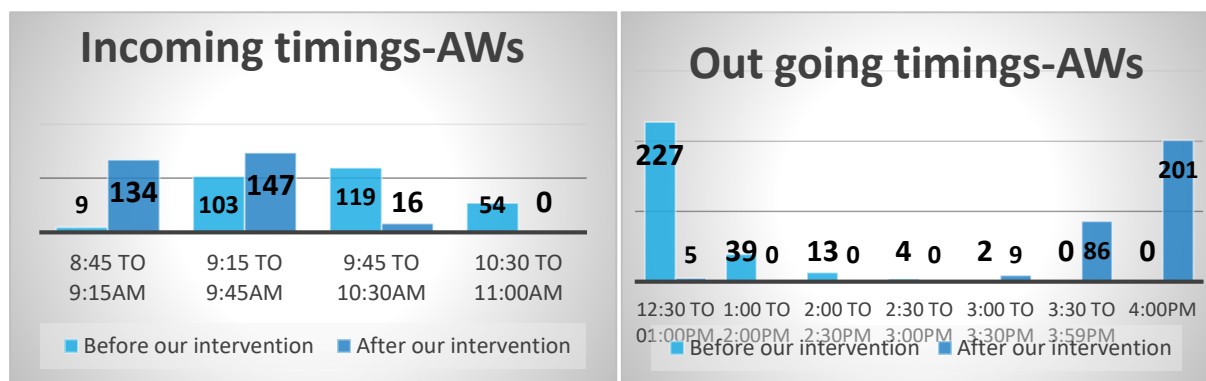

It is a 3 pronged support to the government schools and AWs

1. Holistic development of children through academic support, nutritious supplementary, water and sanitation, tuitions, sports and healthcare
2. Child centric and demand driven infrastructure support to Government schools and AWs
3. Human resources and capacity building

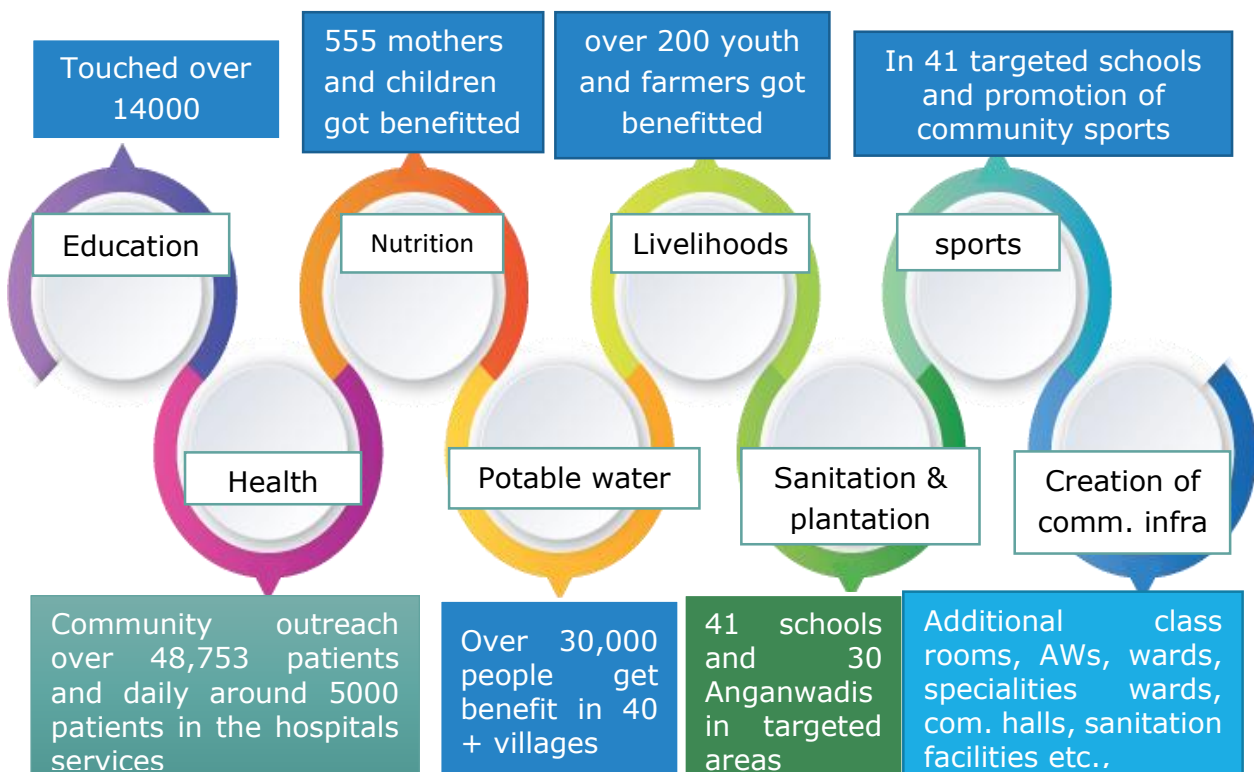

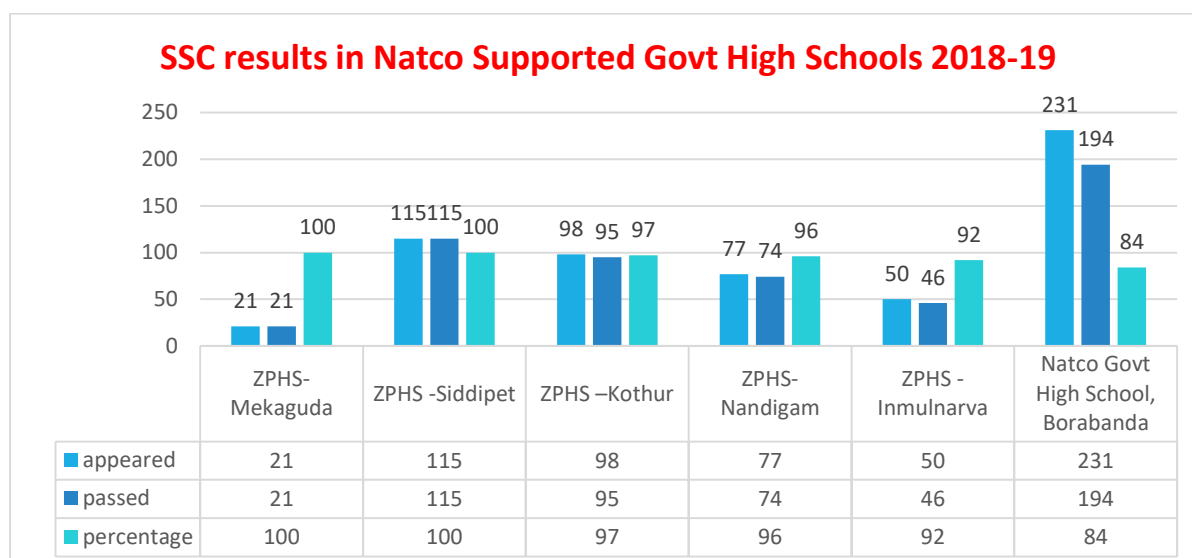

Impact on educational interventions: - Anganwadi centres

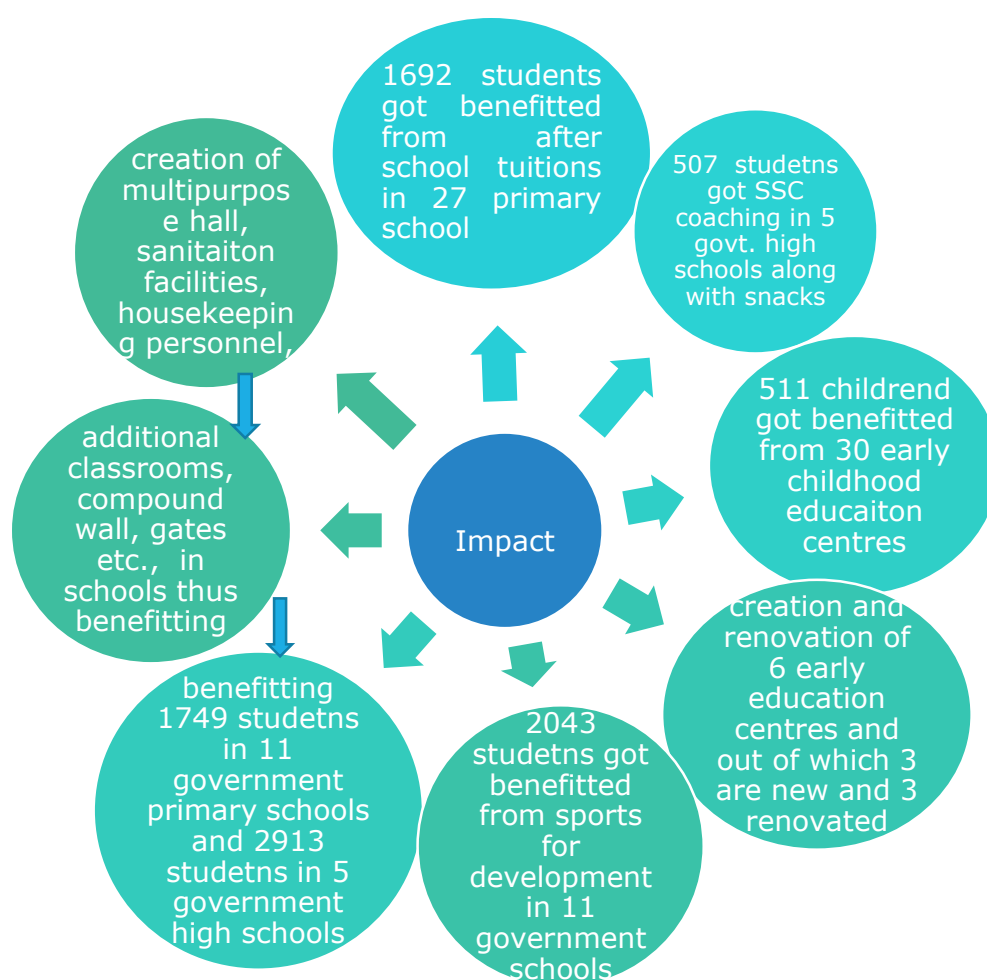

NATCO TRUST – SCORECARD 2018-19

Impact on 10th class results for 2018-19 academic year

Impact on Government schools

HEALTH: -

Natco Trust is committed to enhance the healthcare and well-being of the targeted communities. It attempts to improve the health seeking behaviour of the communities on nutritious food, mother and child health, non-communicable diseases, preventive mechanisms through community based healthcare services and health education.

Community outreach healthcare services: - Natco trust initiated 2 mobile clinics and a standalone satellite clinic.

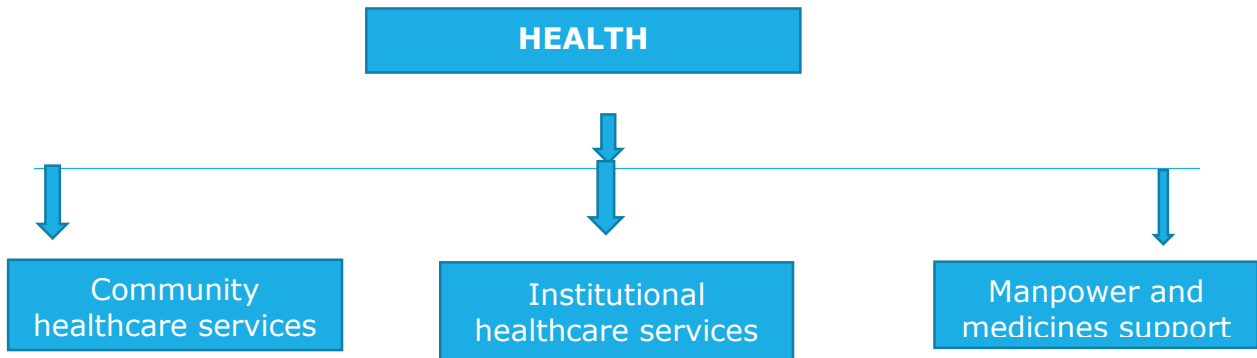

The mobile clinics: - The physical well-being of the communities is taken care by "Mobile Clinics" which are miniature comprehensive mobile health care units. These healthcare units travel the length and breadth of **27 villages** at Kothur, Nandigama, Peddavura and Thirumalagiri mandals of Ranga Reddy and Nalgonda districts of Telangana state.

The Natco Mobile Health clinics (NMHC) provided the basic outreach healthcare services including the health education and **28713** people from 27 villages got benefitted.

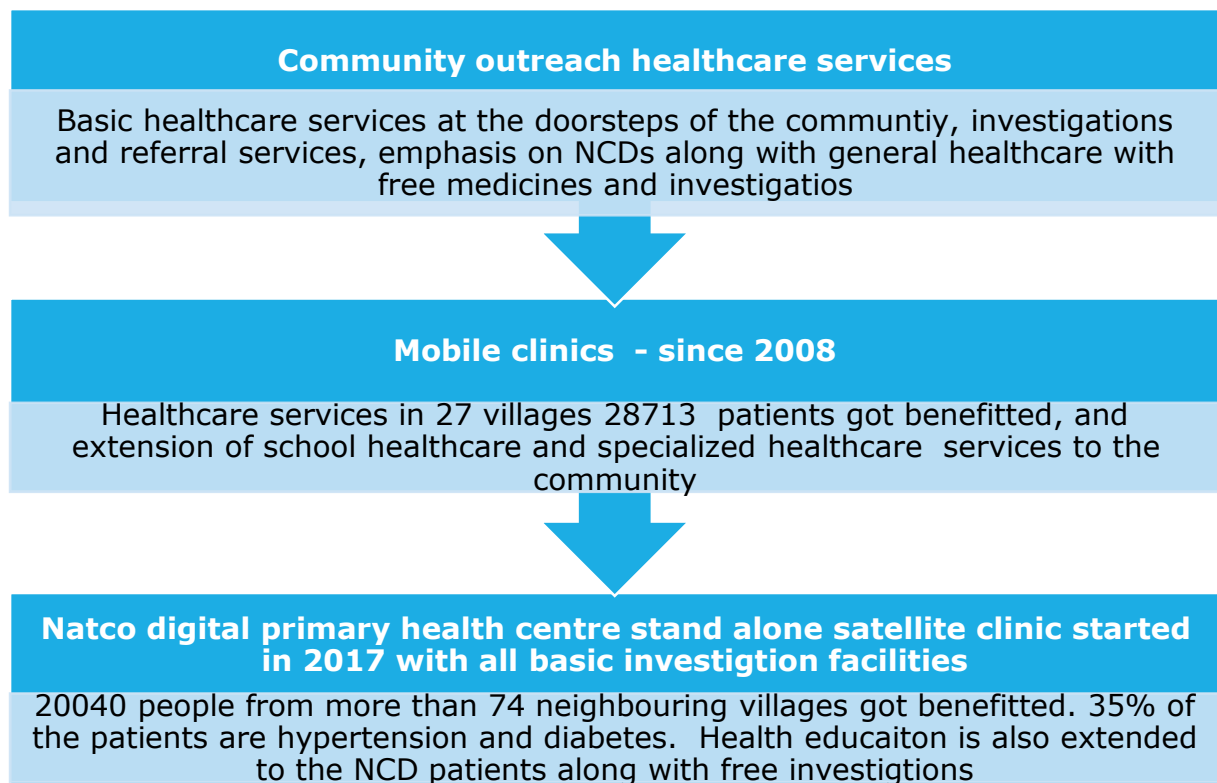

Natco Digital Primary health centre: - is a standalone satellite healthcare unit initiated in November 2017 at Mekaguda village, that caters the basic healthcare services to the community. It has all the basic outpatient healthcare facilities, which caters to all the neighbourhood villages. **It extended services to 20040 people in the year 2018 -19 and people from 74 surrounding villages got benefitted.** Out of **20040** patients 7029 (HTN 3728 and DM 3301) are non-communicable diseases patients.

Veterinary healthcare services: - Natco trust extends fodder and medicines to cater the needs of animal husbandry in and around the villages and habitations of Nandigam and Kothur mandals of Ranga Reddy district and

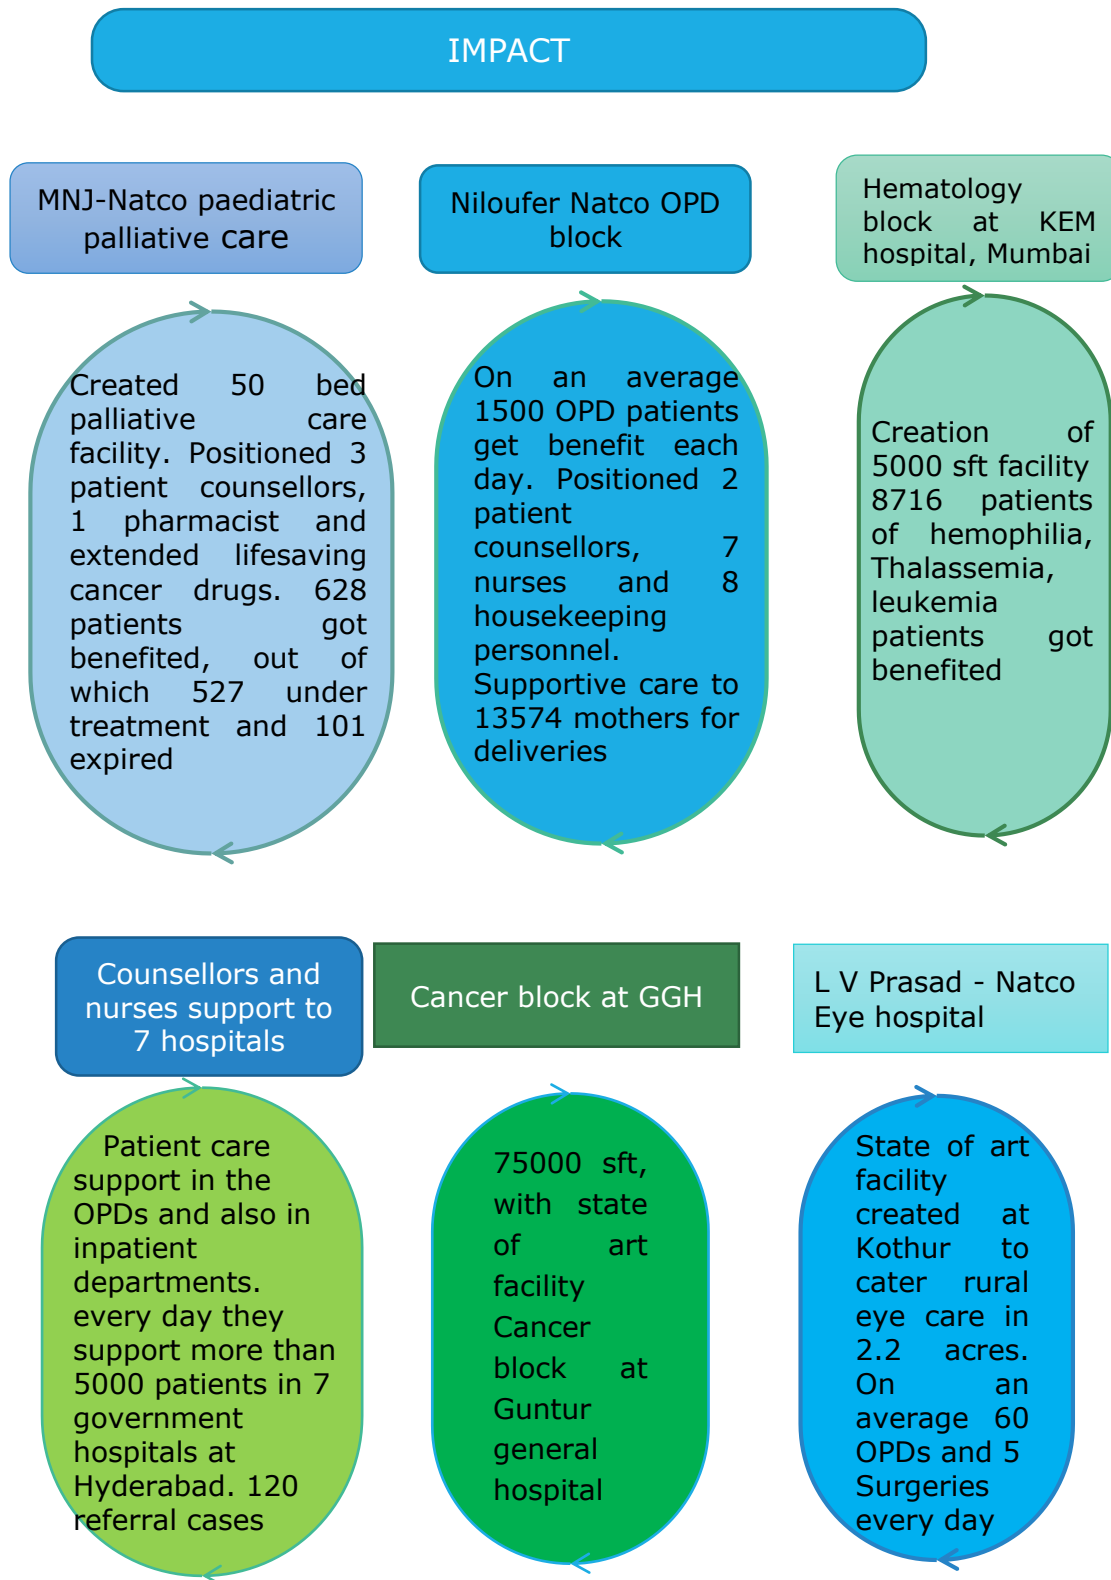

Community outreach healthcare services

Institutional Healthcare services, manpower and medicines support :-

Natco Trust extended the manpower, infrastructure and medicine support to all the major government general hospitals at Hyderabad and Guntur

Cancer Screening: - Conducted pre cancer screening for cervical and breast in conjunction with MNJIO&RCC hospital, Hyderabad. 474 women screened and found no positive cases. Medication and counselling done for minor infections and personal hygiene.

Eye screening for community and school children

468 children from 10 government school underwent eye screening and 407 elderly people got eye screening and spectacles provided for the needy.

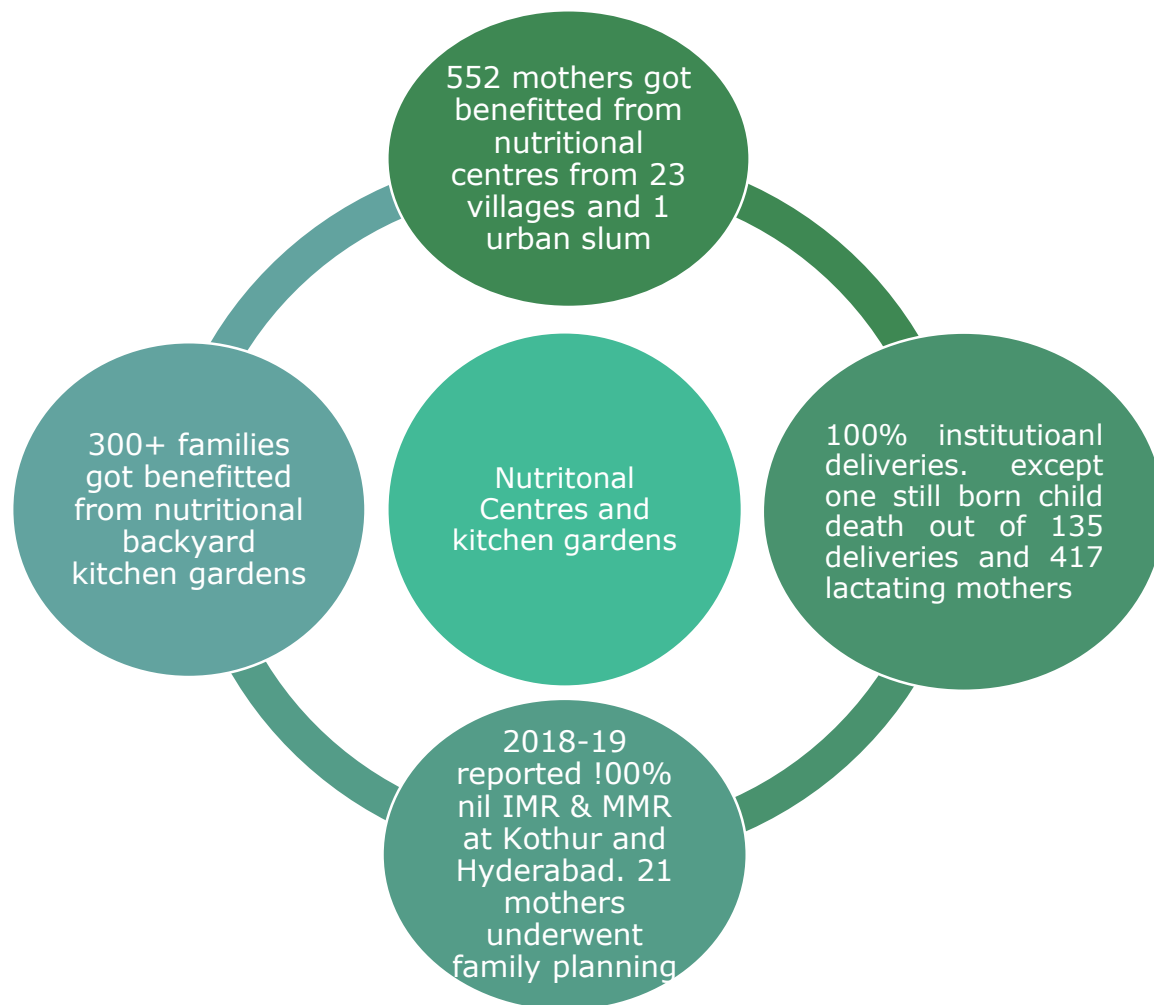

Blood donation camp: - Organized blood donation camp in conjunction with blood bank of MNJIO&RCC hospital, Hyderabad at Natco Pharma Corporate office and 44 employees volunteered for the same.

Nutritional Centres and nutritional backyard kitchen gardens

Objective: - "Prevention of anemia and mal-nutrition in the mothers and prevention of congenital disabilities due to mal-nutrition and thus bringing down the IMR and MMR."

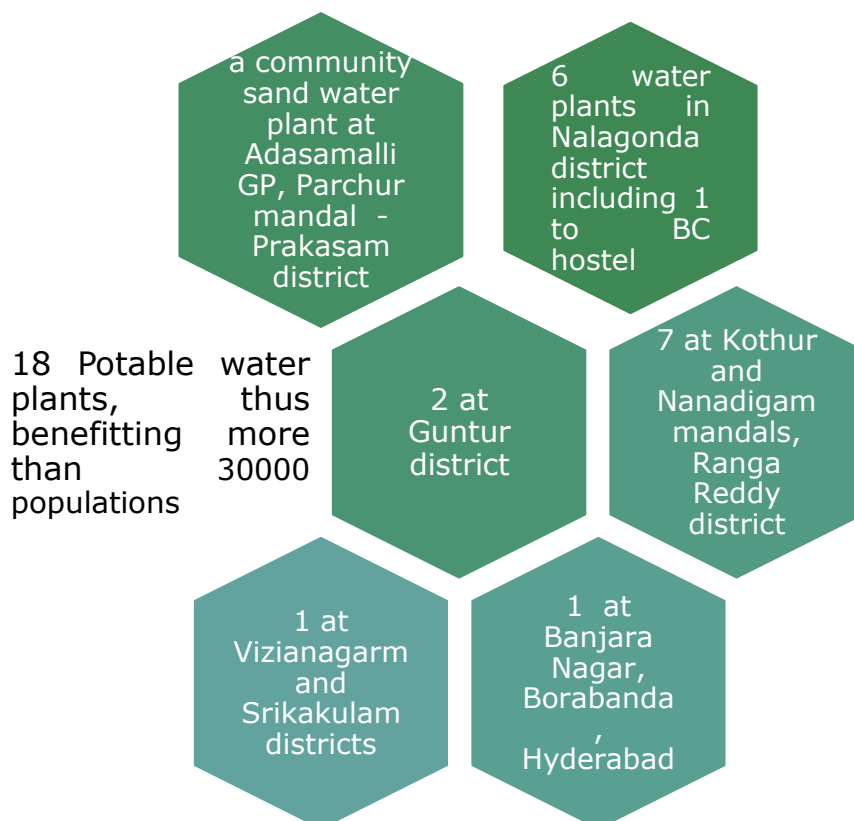

The Nutrition Centres provide nutritional support in the form of a supplementary food daily to the pregnant and lactating mothers and their children from needy and poor families. The benefits envisaged are improvement of maternal health, increased birth weight of the child and ensuring adequate breast-feeding for the child. Periodical health check-ups and awareness on low cost nutritional food, breast feeding, the physiology of trimesters and the importance of institutional deliveries. Natco Trust supports 33 nutritional centres in 23 villages and 1 urban slum with total beneficiaries of 552.

An effort was also made to provide nutritional food through promoting nutritional **backyard kitchen gardens**. Natco Trust distributed different varieties of vegetable seeds and saplings to promote non pesticide management (NPM) and organic based backyard kitchen garden to enhance concept of healthy living among the people.

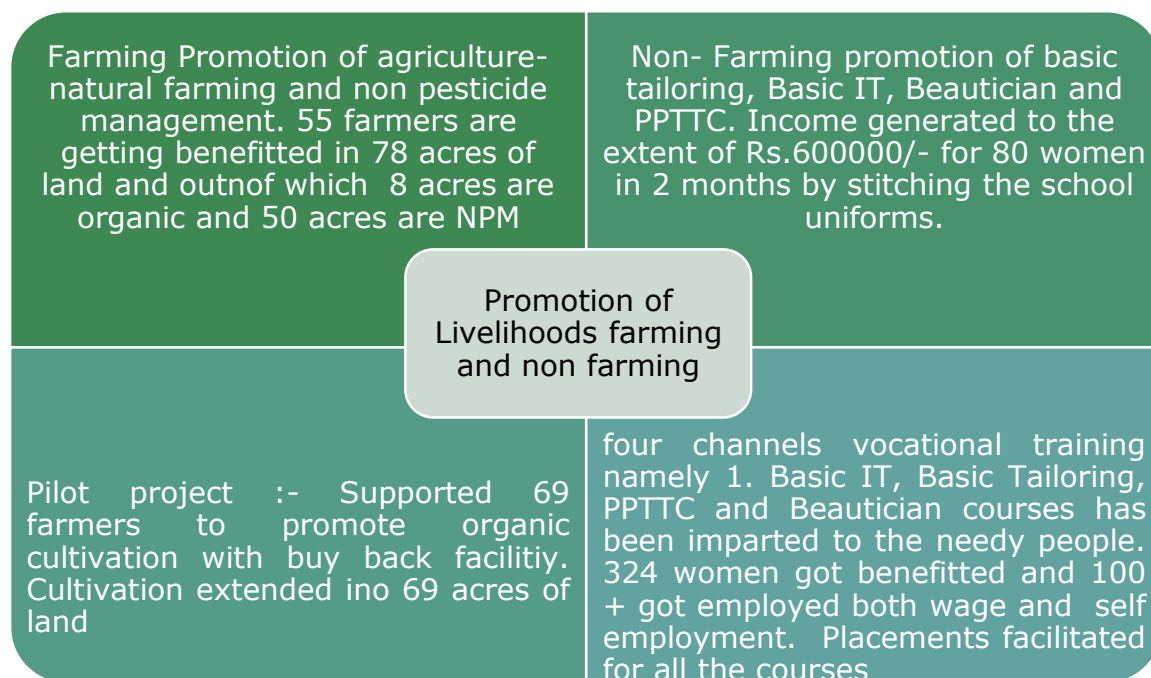

POTABLE WATER PLANTS: - To prevent water borne diseases and to provide potable water to the community, Natco Trust initiated establishing up of potable water plants for the communities in 40 + villages at Nalagonda, Ranga Reddy, Hyderabad, Guntur, Prakasam, Vizianagaram and Srikakulam districts and BC welfare schools. One among them was a community purified sand water filter, thus benefitting more than 30000 populations.

The potable water to government schools and Anganwadis: -Centralized potable water distribution to 17 Anganwadis, 13 government primary and high schools thus benefitting 2279 children in 5 gram panchayats at Nandigama and Kothur mandal of Ranga Reddy district of Telangana state.

LIVELIHOODS: - Natco Trust has initiated skilling centres at Hyderabad, Ranga Reddy, Nalgonda and Guntur districts with an objective of creating value addition skills and income generation through self and wage employment. It has a twofold approach to promote livelihoods that is Non – farming and farming.

Community sports, rangoli competition for women and youth empowerment

Organized community/parents/youth/women self-help group members' meetings for awareness and participation in different activities. Conducted sports for youth and rangoli competition for women etc.

Plantation: - around 20 thousand + fruit bearing saplings has been planted in the Anganwadis, government primary and high schools and in all the targeted villages of Kothur, Nandigama mandals of Ranga Reddy district and targeted villages at Ponnur mandal, Guntur district of Andhra Pradesh
